### Wage gap between male and female workers

| FY2023                  | All workers | Of which, regular workers | Of which, part-time and fixed-term workers |
|-------------------------|-------------|---------------------------|--|
| Mitsui Kinzoku          | 69.1%       | 71.5%                     | 57.6%                                      |
| Domestic (consolidated) | 55.1%       | 59.3%                     | 48.5%                                      |

Female workers are paid less than male workers, which is attributable principally to the smaller percentage of women in management positions and to the average length of service of women being shorter than that of men (by about seven years).

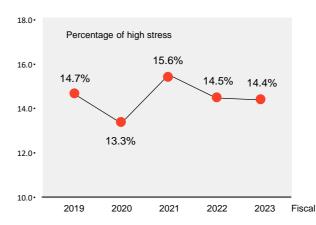

# Average years of employment by gender

| Α      | II workers                    | Of which,<br>regular workers   | Of which, part-time and fixed-term workers  |
